C.S.Balasundaram Iyer, Esq.,
Second Member of Council,
Chairman of Committee appointed by Government in their Order
No.R.7669-77-R.M.9-27-47 dated 5th April 1928.

Sir,

On behalf of my Association, I have the honour to lay before your committee, appointed to review the arrangements in re toll-gates already ordered, the following suggestions and recommendations.

1. That District Boards be compelled to devote the proceeds from their toll-gates to the improvement and upkeep of those sections of the roads on which the toll-gates are situated.

2. That warning posts be erected at a distance of 100 yards from toll-gates, such posts to be illuminated at night.

3. That chains across roads at toll-gates are dangerous as their visibility is almost nil.

4. That road contractors' vehicles, while working in connection with the upkeep of roads, shall be exempt from tolls.

We feel that no explanations are needed as to the above points. Their necessity being very self-evident.

We trust that your Committee will favourably consider these suggestions and recommend them to Government.

I have the honour to be,
Sir,
Your most obedient servant,
M. G. de Weck.
Secretary.

levies on motor transports for expenditure on the maintenance of the District Trunk Roads is under consideration of Govt separately. The opinion of the Accountant General (Civil) has been called for (B 3792—28).

Points 2 & 3, the local officers might perhaps be requested to issue necessary instructions to the toll-gatekeepers.

4) As regards this point, orders have already been passed, regarding frontier exemptions, and nothing more is possible.

9) The suggestions made by the Secretary to the Mysore Planters Assn. Lucknesper have not been touched upon in the Dollgate committee's report now pending consideration of Govt. These suggestions pertain to questions of detail in working the Coll Gate. The replies suggested by the Asst. Secretary as against these suggestions appear suitable. It would perhaps be sufficient if the letter of Secretary for the present is duly acknowledged with the intimation that his suggestions will be duly considered after issue of orders on the committee's report.

Sir,

I am directed to forward herewith for information copy of letter from the Secretary, Mysore Planter's Association, Saklespur, making certain suggestions in regard to the Establishment and working of toll-gates under the several District Boards and to recommend that warning posts be erected at a distance of 100 yards from the gate and the same illuminated at nights and that instead of using chains across roads at toll gate stations, pukka gates may be put up. The suggestions may be accepted ~~as~~ worthy of adoption. I am therefore to request you to take necessary steps for giving effect to the above and action taken reported for the information of Government.

The Secretary,

Mysore Planters' Association,

Saklespur.

Sir,

In continuation of this office No.L. 7074/L.B.111-28-25 dated 24th April 1929, I am directed to state that necessary instructions have been issued to the Presidents of District Boards regarding the erection of warning posts and ~~putting up~~ removal of chains across roads at toll gates. As regards exempting the vehicles of road contractors while working in connection with the up-keep of roads, Government do not consider it expedient to adopt the principle. They are taking necessary action in regard to the utilisation of the proceeds from toll gates for the up-keep and improvement of the roads concerned.

Sir,

With reference to your No.L.531-7/L.B. 111-28-36, dated 19th July 29 forwarding a copy of the letter of the Secretary, Mysore Planters' Association, Saklespur, re: establishment and working of toll gates, I have the honor to state that the risk of using chains across roads at toll-gate stations having been felt long back, pukka gates were got constructed at the following District Fund Toll Gates viz., "Sri Krishnarajendra Bridge Toll Gate at Gorur, Vani Vilasa Bridge toll gate at Hole-Narsipur. These gates along with other District Fund toll gates are also provided with red lights to avoid risk of danger. The same arrangements are being extended to the other existing District Board toll gates in the District and caution boards have been commenced to be put up. The providing of these gates at other toll bars was postponed in view of the contemplated abolition of some toll gates by Government.

I have the honor to be,
Sir,
Your most obedient servant,

President,
District Board, Hassan.
